

2020

ROLES AND RESPONSIBILITIES OF A YEAR SIX

What qualities do you need to demonstrate this year?

A person who

- is a role model to the younger children, showing them how to self-manage.
- is a leader in situations where others need support and guidance.
- is taking responsibility for his/her learning and allowing others to learn also.
- strives for quality.
- is prepared to do the hard stuff to reach a goal.
- is able to do things confidently and independently, without waiting for others to 'do for' them.
- Uses connecting skills to solve problems, and stay within the school rules, uses their KORAU values
- is prepared to commit to patrols, and to find a reliever if you are not available (with the exception of days when home sick!).

TERM CHECKS

At the end of each term, you will all meet and carry out a self-assessment. These check duties carried out, arrival to school on time and e-Taps. (All these areas are evidence based.) This will be taken home to share with parents and may result in a discussion to set goals for the following term.

At the end of each term there is a trip for Year Sixes. Invitations to attend this trip depend on the leadership you have demonstrated during the term, as stated above. Classmates have the opportunity to voice their opinion of this, which is taken into account by the teacher. At the end of the year there is a 'Magical Mystery Tour' and you will get home very, very late!

The right to be considered a leader at Koraunui School is something that is earned by your actions and attitude, not simply by the fact that your age makes you a Year Six leader!
